

COMPANY PRESENTATION

DYS FIBER OPTIC LIMITED

Locations

We strive to learn, develop and innovate.

SHENZHEN

Established DYS Fiber Optic Factory in 2009, in Shenzhen, Guangdong Province, now it is headquarters of DYS.

MIANYANG

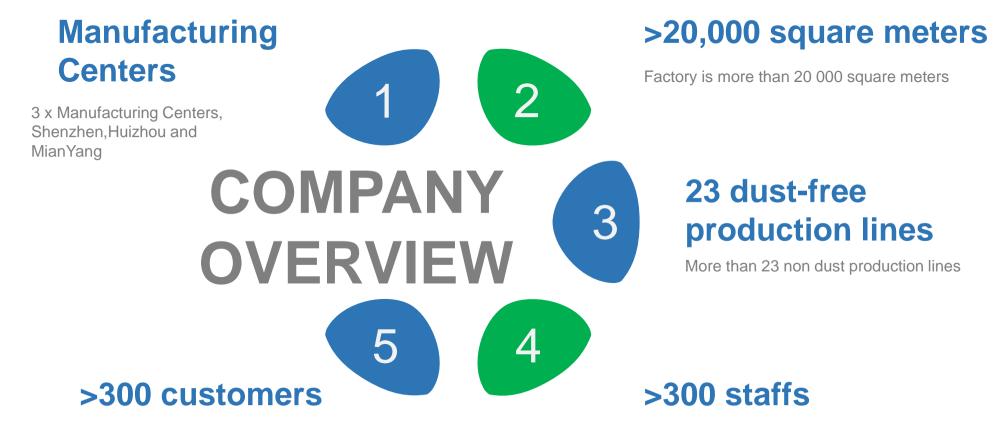

After 9 years development, we established branch factory in 2018, in MianYang, Sichuan Province.

HUIZHOU DYS Fiber Optic Industrial Building

Company Overview

We strive to learn, develop and innovate.

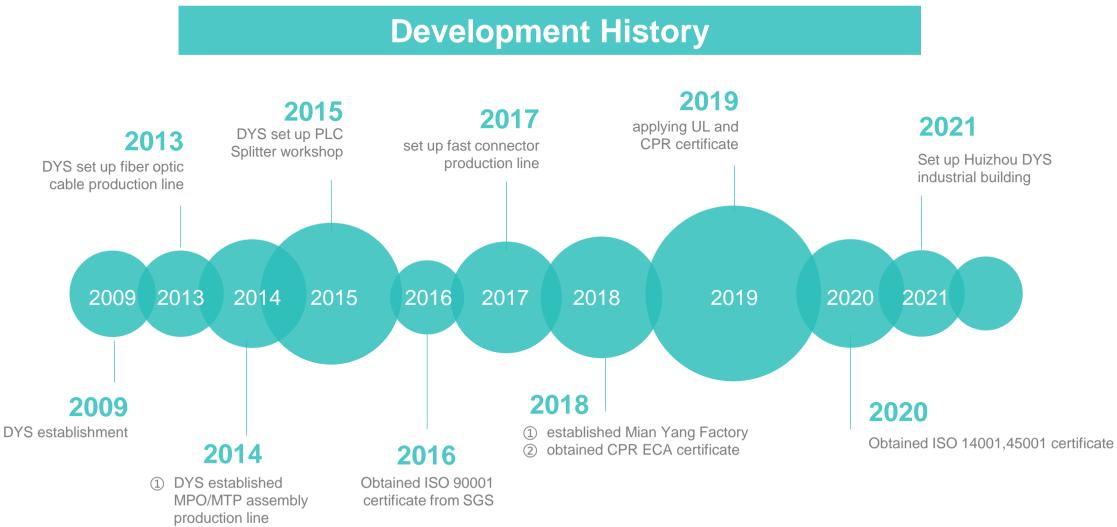

More than 300 customers from all the world

300 well-trained staffs and engineers

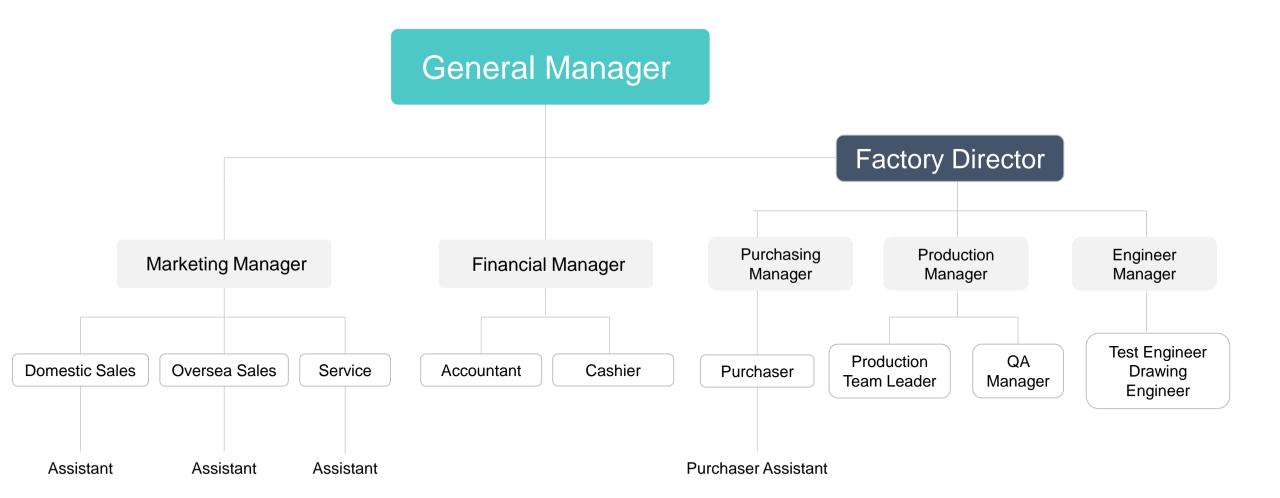

Milestones

We strive to learn, develop and innovate.

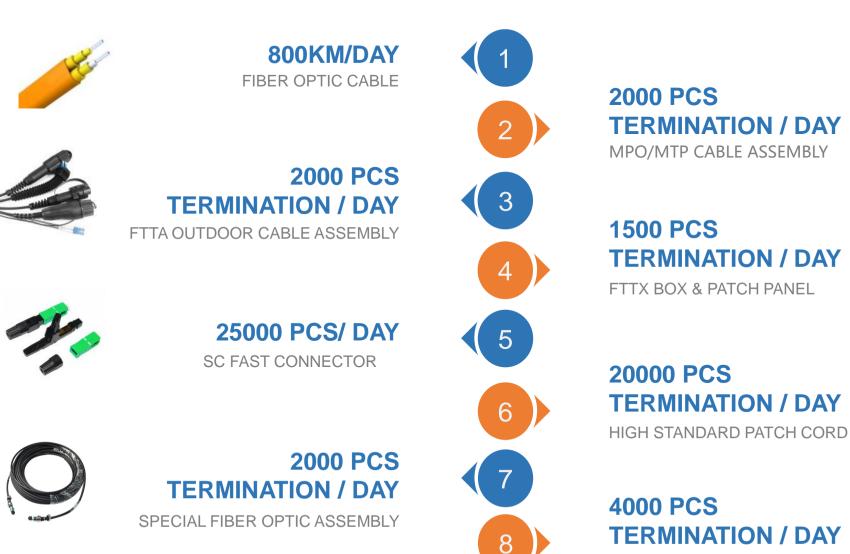

② Recoginized as the High-tech Enterprise

Company Organization Chart

Our Production Capabilities

We strive to learn, develop and innovate.

FIBER PLC SPLITTER

Optical Fiber Cables

We strive to learn, develop and innovate.

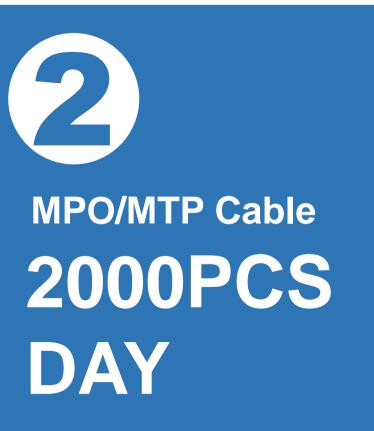

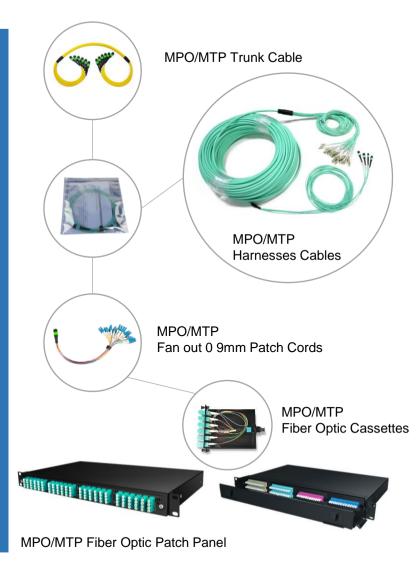

Fiber Optic Cable Workshop

Outdoor Cable Packaging

MPO/MTP Terminations

We strive to learn, develop and innovate.

Or 2 mm

High Density Patch Cords ODVA(MTP/MPO) IPFX(MTP/MPO)

Harsh Environment Connector

Harsh Environment Connector

Main Product

We strive to learn, develop and innovate.

SC/LC/FC Fast Connector

Product Packaging

Ttap & Mini SC Fast Connector

Fast Connector Workshop

Main Product

6

DAY

Special fiber optic assembly

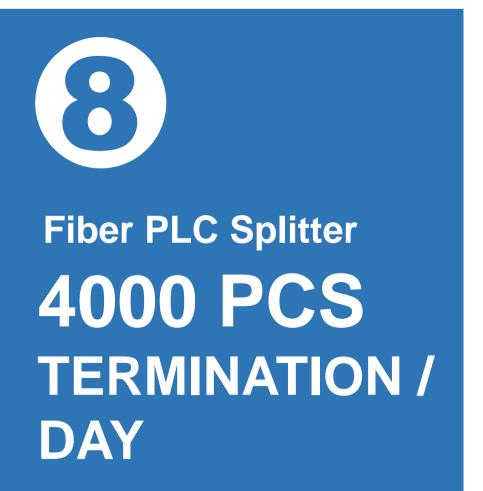

We strive to learn, develop and innovate.

we are good at customized product, we help customer design or make their concept product come ture, we aim to provide high performance interconnect solutions to end users.

Fiber PLC Splitter

Production Facilities

We strive to learn, develop and innovate.

Huizhou DYS Industrial Building

Major Workshops

- 1 Fiber Optic Cable Workshop
- 2 Outdoor Cable Assembly Workshop
- ³ PLC Splitter Workshop
- 4 Fast Connector Workshop
- 5 MPO/MTP Assembly Workshop
- 6 WDM Workshop

In-House Laboratory

We strive to learn, develop and innovate.

Reliability Testing Laboratory

- 1 Manual Image Measuring Machine
- ② Automatic Insertion Force Testing Machine
- ③ Tensile Testing Machine
- ④ High Low Temperature Circulating Machine
- (5) IPX8 Pressure Water Immersion Testing Machine
- 6 Fiber Bending and Torsion Testing Machine
- ⑦ Salt Spray Testing Machine
- (8) Collision Testing Machine
- (9) Three Directions Vibration Test Machine
- 10 Air leak test are available

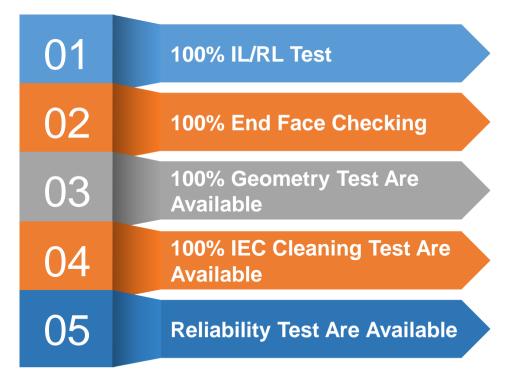

Quality Assurance

We strive to learn, develop and innovate.

3D test are available

Air leak test are available

Quality Control Flow Chart

We strive to learn, develop and innovate.

Quality Target

1: FTY is 99%.

- 2: The first delivery yield of the sale products is100%;
- 3: Customer satisfaction rate reaches 95%;

Management System

According to

- 1: IS09001:2015 (2016 Obtained)
- 2: IS014001:2015 (2019 Obtained)
- 3: IS045001:2018 (2019 Obtained)

Establish company

management system

Quality Inspection

- 1: IQC
- 2: FAI
- 3: OQC
- 4: OBA
- 5: Self inspection, mutual
- inspection, special inspection and full inspection

Quality Policy

- 1: Quality first, Reputation must.
- 2: Management oriented,
- Service sincere.

Innovation Ability Display

We strive to learn, develop and innovate.

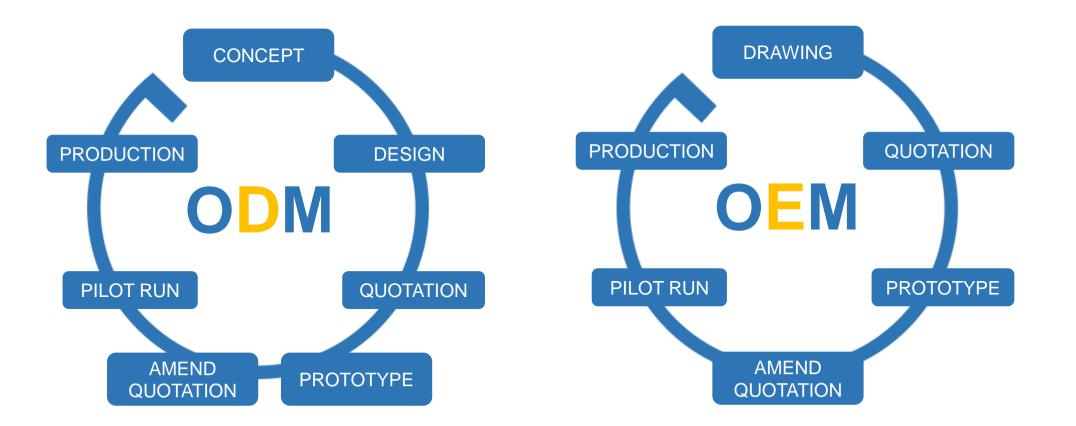

27 Patent list

Invention / Utility / Appearance

- 1. We own 16 Utility model patents, inslude LC Connector, SC connector, waterproof connector
- 2. We own 9 Appearance patent, include FTTX box, Ttap connector, connector polish plate
- 3. We own 2 invention patent for our Ttap connector and waterproof SC female connector

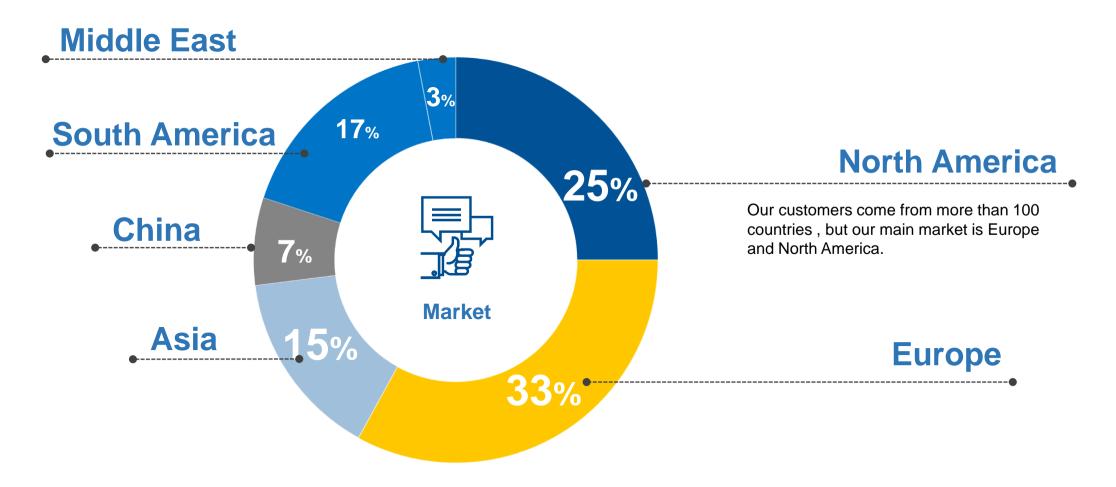

What We Can Provide

Global Market Share

We strive to learn, develop and innovate.

We always learn new technology by investing in production facilities, engineering process control systems, and talent development to maintain our status as a leading fiber optic connection solutions.

Certifications

We strive to learn, develop and innovate.

National High and New Tech enterprises

Untility Model Patents

OFNR Cable 20190613-E507211

RoHS Certificate for Product

CE Certificate

FC Certificate

DYS In Exhibition

During 13 years' development, our products are used by below companies:
